

## November 2006 Order Form

LIMITED-TIME OFFER: Pay only \$20.00 each for the new . . . *and a time to knit* electronic book CD (recommended retail price is \$30.00). Offer expires November 30, 2006.

The CD is compatible with both Macs and PCs, and the software it uses is common to almost all computers. You can use your web browser (Explorer, Safari, Firefox, Netscape, etc.) to surf through colored images of 16 sock designs and a "How To" section. You do not have to be connected to the internet to use web browsers. You can open files that are on your local computer. Then, if there is a pattern you'd like to knit, you can open and print its PDF file. It doesn't take long to open these since they are local and not coming through an internet connection.

To ORDER: Mail order form and a check to
